GOOD LEAD ORE IN THE STAR CON.

A Total of 2,500 Shares Sell from Several Feet Reported in an Upraise from the 275 Level.

The Bingham Copper and Gold Co.-April Fool Officers-Mill at Pony, Montana.

What promises to be an important factor in the future of the Star Consolidated of Tintic has been discovered in the shape of a body of shipping lead ore on the upper levels. From perfectly reliable sources it is learned that several feet of this ore is exposed in an upraise from the 275 foot level. The former strike on the 200 level was north on the same chute of ore, but the present ore body is said to have been dis-closed south of the shaft in the same

APRIL FOOL MEETING.

Mr. J. Leggett of Butte is Elected

President of the Company. W. S. Godbe and his son Ernest, returned today from Butte, Montana, where they went to attend the meet-ing of the directors of the April Pool Mining company of De Lamar, Nevada who met to elect a president of the company in place of Mr. William Thompson, recently deceased. Mr. J. Leggett was chosen for the position and Mr. I. M. Hodgens was elected to fill the vacancy on the board. Mr. Hodgens is cashler of the State Savings Bonk in that city. The directors are Bank in that city. The directors are said to be much pleased with Mr. Sizer's report, recently mentioned in the "News." It has been decided that he condition of the mine is such as to varrant the installation of 20 addition-I stamps, making 30 stamps in all. This will give a mill capacity of 75 tons

in speaking of the mine today, Mr. Ernest Godbe stated that a peculiarity of the ore is that the ore assays more in bulk as a rule than hand samples fact that extremely rich patches of orc are found in the ordinary ore. The ore is very deceptive in appearance, no one being able to distinguish between high grade and low grade by glancing

PLEASED WITH OPERATIONS. Manager O. P. Posey Visits Property and Smelter Site.

Manager O. P. Posey and Treasurer O. E. Weller, of the Bingham Copper and Gold Company, were out at the mine yesterday in company with Man-ager Heffron, Mr. Posey expresses himself as pleased with operations at the mine and smelter. An upraise is being run to connect with the incline shaft leading from the surface. As soon as this is done drifting on the vein will be continued. A new compressor will b installed and two more drills will be pressed into service. Facilities for handling the ore in the winter are also being considered. Bins or chutes ca-pable of holding several hundred tons ing a capacity of 2,000 tons will also be built at the dump with another of about 6,000 tons capacity at the smelter. About two-thirds of the retaining wall has which Mr. Posey expresses himself much pleased. After giving his atten tion to several small contracts Mr. Posey will leave for Paris on a pleasure

IN PONY DISTRICT.

Salt Lakers are Actively Engaged in that Montana Field.

A letter from John T. Cowan states that the material for the new twentyve-ton concentrating mill at the Old now on the ground. Excavations are also completed and within forty-five days, Mr. Cowan says, the mill will be

ago by the Salt Lake Mining and De-velopment Company, who will place ten tamps at present with more to follow The property contains a splendid concentrating proposition in the shape of iron pyrites which forms the matrix for good gold values.

MINING AND REAL ESTATE.

Eureka Land and Water Company Incorporates for \$30,000.

The Eureka Land & Water company, by R. G. Wilson, Belle Wilson, Mrs. G. J. Field, Eva B. Tompkins and H. Barnett, incorporated today for \$30,000, issued in shares of the par value of \$1 each. The business of the company is the buying, selling, and developing of real estate, mining properties and water rights. The general place of business will be in this city and Eureka. he company acquires all the right, le and interest of R. G. and Belle Wil-Main street, now ocupied by the Tin-tic Miner, and a livery stable. Another lot is known as the Eureka Hotel proplot is known as the Eureka Hotel property, including the three stores adjoining on the east. Another lot is on the south side of Main street and adjoins. Pat Shea's hall and boarding house on the west. With the property goes certain water rights, all of which is stated be in full payment of the 30,000 res. The officers are A. G. Wilson, Burnett, secretary and Eva B. l'ompkins, treasurer.

NICKEL IN WASHINGTON.

Discovery of a Big Ledge of Ore Running from 15 to 42 Per Cent.

The discovery of a ledge of high grade

nickel ore is reported near Republic, Washington. In speaking of the matter face. An adit is being driven, and is in a feet with fine looking ore from colupnel will be extended until its face is 400 feet in. There is four carloads of ore on the dump. The managers have been in correspondence with eastern companies working this class of ore. The report comes that the ore is of exceptionally high grade. Within a short time a shipment will be made. There is said to be but four concerns in the United States that are prepared to treat

the ore. These are located at Chicago, Ill., Cambridge, N. J., New York City and Pittsburg, Pa.

New Mining Company.

MINING NOTES.

Eight cars of Centennial-Eureka ore were settled for today. The Conklin sampler reported five cars of ore from Tintle today,

The Four Ages will have a car of ore on the market early next week. The Showers Consolidated, of Tintic, had a car of ore on the market today. Seven cars of ore were on the mar-

ket today from the Swansea of Tintic. Manager J. G. Jacobs, of the Salt Lake and Mercur Railway, has gone east on business.

J. H. Stailings, who went as far as Seattle on his way to Nome, has returned to the city. Sixteen cars of ore from Tintle were

reported today by the Taylor-Brunton sampler with one from Nevada. A sample of fine looking galena has

reached town from the new strike in the Nevada, at Galena, Nevada. Col. R. A. Hawkins is preparing to develop his Klondike group of twenty-two claims near Frisco, Beaver county.

A car of ore from the Glasgow & Western Exploration Company's Nevada properties was on the market to-Manager P. T. Farnsworth, of the

Horn Silver, reached town today from Frisco and reports everything moving along as usual at the mine. The Mining Review is out with an illustrated article descriptive of Deep Creek. An excellent map of the coun-

try accompanies the article. Newt Dunyon expects to leave next week for the Kinsley district in Deep Creek to examine some property on which he and W. W. Chisholm and

J. D. Kendall are interested. As soon as a 60-horse power relay boiler and a heating apparatus for the compressed air pipe are installed at the Honorine, of Stockton, sinking will be resumed in the shaft.

A movement is on foot between the lead producers and the smelting company looking to an adjustment of lead prices in a matter satisfactory to both parties. It is stated that the producers may agree to 'ske \$4.12 per hundred As yet everything is in an embryotic

Logan Journal: Negotiations for the eale of the Blue Bell mine are pending. Senator W. G. Nebeker of Salt Lake was here last week, and inspected the south end of the valley, not far from Hon, I. C. Thoreson and others are owners of the claim.

PRICES WERE IRRECULAR.

Wall Street Shows Little Disposition for Heavy Changes.

General Market Almost Immovable-Live Stock Steady-Produce Weaker.

New York, June 15 .- The movement of prices was exceedingly irregular and confused at the opening of the stock market. Very few stocks were traded in, and changes were small all around. Prices showed no disposition to get far from last night's close. There were loads of almost a point in Federal Steel, Tennessee coal and Minneapolis and St. Louis. Sugar was advanced in the second hour more than a point above last night. The general market was

almost immovable. Northern Pacific hung around 56 during the last hour and the general market was soft but nearly inactive. The losing was dull and weak, at net losses. Bonds are very dull and no changes of importance occurred.

OGDEN NEWS.

OGDEN. - - JUNE 15, 1900. WEBER STAKE ACADEMY.

Close of a Successful Year-Fine Showing Made in Principal's Report.

Backsliders in the Police Court -Pawnshop Burglars Caught-Sudden Death of Mrs. W. B. Murphy.

Yesterday the Weber Stake had Field day and this evening they will wind up the week's hard work and recreation with a grand ball at the pavilion.

The year just closed has been a glorious one for results and success has fully crowned the efforts of the teachers. There were a few points in Prof. Moench's most gratifying report, made at the commencement exercises, that deserve special mention. One was that of the missionaries now laboring in the field and just returned, 102 had either directly or indirectly received their training at the Weber Stake Academy. Now as this is nearly all the missionaries in the field from the Weber Stake of Zion, it certainly shows the class of students that are attending the institution and the work being done there. He further stated that 180 students had been graduated during the past four years in the Sunday school course nearly all of whom were now workers in that institution or engaged in similar useful pursuits in other directions. The principal further stated that the question had been frequently asked lately how the attendance of Ogden compared with that of surrounding settlements. The principal reported that a close examination into the record during the past three years showed that there had been an average attendance of from 30 to 23 per cent from Ogden and from 67 to 70 per cent from the surrounding settlements. A similar comparison with Provo and Logan showed that the per cent of attendance from Provo at the B. Y. Academy showed, out of an enrollment of 420 students in 97-8, 13 per cent came from Provo and 87 per cent from other parts; confirming the statement made by Dr. Maeser ten years ago, while he was principal, that Provo did not appreciate the academy and that at that time, not

ten per cent of the students came from that town. At the B. Y. College, Logan, during the same year he found about 17 per cent from Logan and 83 per cent from other parts. Considering that Ogden had one of the best school sys-tems in Utah he thought this was a most excellent showing in favor of the academy. He found also that of the number of graduates since 1895 up to

the present year, twenty had come from Ogden and thirteen from other parts or nearly 70 per cent from Ogden and 30 per cent from other parts.

One thousand dollars, contributed by
the citizens of Ogden, had been expended for the internal improvement of the huilding, and for furnishing extra ap-paratus for the physical and chemical laboratory.

Before Judge Hall in police court:
The case of Mrs. Rockafella, charged with disorderly conduct, was to have come up, but she never put in her appearance so forfeited her \$20. One drunk was fined \$10 for his bad conduct, which amount he paid and de-

parted. The case of Glen Mack and Frank Snyder has been postponed until next

One vag was arrested and given five days on the rock pile.

HOUSEBREAKERS CAUGHT. Last evening Detective Pender made a clever arrest of five men, giving their names as John Saunders, James Gor-don, Frank McCarthy, Mike McCormick and Wm. Johnson. They were caught trying to sell some articles on the streets and the detective suspected them of being the parties who had robbed Drozdowitz' pawn shop. At the station when searched several articles were found on their persons which were later identified by the pawn broker as

SUDDEN DEATH OF MRS. MURPHY, Mrs. W. B. Murphy, wife of "Doc." Murphy, the Southern Pacific engineer at Promontory, died last evening at the Central Hotel at 6:30, of cerebral embolism. Mrs. Murphy met with an accident some time ago by cutting her leg. The wound continued to grow worse and she was brought to this city for treatment. She underwent an opera-tion several days ago, but it did not seem to help her and her demise came with a shock to all her relatives and friends. Mrs. Murphy was 48 years of age, leaves a husband and four chil-

dren to mourn her departure.

The funeral services will be held at the Third Ward meeting house Saturday at 3 p. m. The remains may be viewed on the date of the funeral at 2346 Lincoln Avenue, from 1 to 2:30 p. m. Friends invited.

LANCHESTER DIVORCE CASE. Louvina Lanchester filed suit in the Second district court against her hus-band, W. R. Lanchester, praying for a decree of divorce. The complaint al-leges that the defendant has wilfully deserted plaintiff and failed to provide

for her, therefore the plaintiff demands a decree of divorce and alimony. OGDEN NEWS BRIEFS. In the Second district court the case of Ganes vs Murphy to quiet title has been continued by consent of counsel. Hon William Driver and wife left for the East yesterday to be absent several weeks. They will visit New York, Philadelphia and Baltimore; at the lat-

ter place their daughter, Mrs. Frank Schronover, lives. Hon. George M. Hansen, delegate from Weber county to the National Republican convention left Ogden yesterlay for Philadelphia. Mrs. George W. Jones and children have gone to the coast for a few weeks. Ex-Senator Arthur Brown passed through Ogden yesterday enroute to the

National convention. B. R. Smoot, western manager of the Dearborn Drug and Chemical Co., of is felt on organs, nerves, muscles and brain. But Dr. King's New Life Pills Chicago, was in Ogden yesterday, the guest of Joseph Thomas. Miss Maud Lucas has gone to Cali-

fornia for a trip.
Mrs. Arthur Munns and daughters, Lizzie and Lattie, of Brigham City, are visiting with relatives in this city The ice cream and strawberry festival given last evening in the Fifth ward by the Y. L. M. I. A. was a grand success.
Tonight the Weber Stake Academy ball takes place in Lester Park pavilion. The public in general are cordially in-

Born-To the wife of George P. Mc-Cabe, at Washington, D. C., June 13, 1900, a girl. Mrs. McCabe was formerly Miss Nellie Fitzgerald, and Mr. McCabe will be remembered as the principal

LOGAN

BRIGHAM YOUNG COLLEGE.

Interesting Commencement Exercises-County School Graduates.

Special Correspondence.

Logan, Cache Co., June 14.—The musical portion of the B. Y. college commencement exercises occurred at the ollege auditorium last evening, about 800 people being in attendance. The program included a feast of classic numbers, and was as follows:

Male quartet-Serenade-words by

ter, old English song. E. R. Davis
Etude Op. 34, Ravina; Minuet, Paderewski...... Miss Jennie Eliason
Catherine's Curls, Hawley, Serenade, Massenet..... S. McKinnen
The Water Course, The Secret, Schu-

bert..... Miss Bessie Morehead Quartet and chorus from Hiawatha, Fred R. Burton and College Choral

The class day exercises will be held this evening, and commencement exercises tomorrow. It is announced that the college board will hold a meeting on Tuesday next to choose a successor to President Kerr. In case a selection should be made from the present faculty, which seems highly probable, the names of Prof. Linford and Dr. Gowans are mentioned as likely

candidates. In district court today a demurrer was filed by defense in the case of Lodowick F. Crofoot, receiver, vs G. W. Thatcher, et al., alleging insufficient cause of action.

WEDDINGS GALORE.

Clerk Owen has issued marriage licenses as follows: Samuel C. Seamons, 22, of Hyde Park, and Janette Nyman, 21, of Greenville: Joseph Roskelley, 32, of Marysville, and Frances A. Hinkley, 7, of Rexburg; Lorin Asa Merrill, 24, 24, of Richmond, and Laura Leona Reese, 24, of Brigham City; George A. Cor-bridge, 29, of Fairview, and Mary L. Bennett, 28, of Glendale; Joseph P. Cooper, 23, and Ellen D. Redford, 20, both of Mt. Sterling.

One of the local Lnitting factories today made to order two union suits for the fat man of Campbell Bros. circus. The measurements for these colossa garments were as follows: Bust, 70 length, 65; thigh, 34; arm, 21, neck, 24. The giant also placed an order for several suits measuring 72 inches in length. From top to toe this mammoth men of humanity measures 7 feet The meeting called for last evening

for the purpose of considering the ad-visability of celebrating the Fourth of July in this city, was very slimly attended, on account of the B. Y. musicale occurring on the same date. A few citizens assembled, however, and post poned the meeting until Monday even ing next, when it is hoped a representa-tive attendance will be present. NAMES OF COUNTY GRADUATES

RICHFIELD. Jacob Magleby Re-Nominated Superintendent of Schools.

Special Correspondence. Richfield, June 14 .- At the non-partisan county convention held here on Tuesday last, Jacob Magleby was nominated for the office of county superintendent of schools, 'Mr. Magleby has now served in this capacity for the past five years, so his nomination by acciamation in a non-partisan convenment of his former labors.

Last evening, in answer to a call made by the mayor, a number of citizens assembled and decided to celebrate the 4th of July in the good old way, and to carry into effect the decision an executive committee consist-ing of Heber C. Christensen, Lars H. Outzen, H. N. Hayes, Annie Peterson and Amelia Olson, was appointed and

The Twenty-fourth of July committee is now at work, and if we do not mistake the personnel of the committee appointed, Richfield will have one of grandest celebrations on that day that she has seen for many years.

SPRING CITY.

District School Commencement -Beets Doing Well.

Special Correspondence, Spring City, Sanpete Co., June 14.-Our district schools held their closing exercises yesterday in the opera hor In the forenoon the primary grade furnished the program. In the afternoon the exercises were furnished by the

Anheuser-Busch Brewing Ass'n

Brewers of the original Budweiser. Faust, Michelob, Anheuser-Standard. Pale-Lager, Black and Tan, Export Pale, Exquisite and Malt-Nutrine, use

no corn in any of their products, but only the choicest of materials, which accounts for their leading in both

Quality and

named graduates: Zina Christensen, | Lowenstein; dismissed at plaintiffs ford, Ada Christiansen, and Andrew | Geo. A, Ladd and Lottie A Lead

At night a party, given by the graduates, was held in the opera house. BEET CROP DOING WELL.

The farmers who have sugar beets in his vicinity are encouraged with the avorable condition of their crop. Mr. A. D. Rhoades, who has charge of the field work in this and Sevier counties, says that the beets in this section of Sanpete are among the best he has seen. He also says that if a sugar fac-tory is to be built in Sanpete, he knows of no more favorable location than is found near the spring in the fields about three miles northwest of Spring City. He has good reasons for his opinion, and will present them to thoes interested, if the industry proves success, and a factory is to be built

in this section. At a meeting held last night James W. Anderson, Henry L. Acord, A. E. Allred, E. A. Billington and Hans Nielsen were elected delegates to the non-partisan convention to be held at Ephraim next Saturday to nominate andidate for county superintendent of

WOODRUFF. Glosing Exercises of District Schools

-Names of Graduates. Special Correspondence. Woodruff, Rich Co., June 11.—Our district school building was crowded last Friday morning to witness the com- templated to build up the dam and As this was the first and only exercise of the kind ever held in connecting with the public schools of Rich county, great interest was manifest by all conerned. There were ten graduates; two | young men and eight young ladies, namely: Stuart Lee, Dyke Walton, Betsy M. Dean, Mary E. Dean, Matilda Dean, Lucy Dean, Margaret Bryson, Rena Burgess, Martha Quibell, Jose Reed, The exercises throughout were quite interesting, those taking part showing considerable ability. County superintendent G. H. Robinson was present to witness the exercises, and spoke of the high standard to which our school had attained, also of the great benefits of a true education, Remarks were made by members of the school board, A. C. Call, Wm. Longhurst, Sarah Cornia, also by E. Lee, Bishop Peter McKinnon, and President

The valedictory address was delivered by Miss Margaret Bryson in a splendid manner, after which diplomas were warded the graduates by Superintend-

ent Robinson. Great interest is taken here in education, most of which is due to the un-Prof. Geo. F. Hickman of Payson, Utah, issisted by Miss Laura Hickman and Miss Della Cheney.

Prof. Hickman has been employed for the next school year, and we predict even greater success, for the coming

year than has been attained in the

oast. The graduates are now prepar

ing to enter some higher institution arning the coming year, especially the The foundation of the new stake tithing office is now completed, ready for the brick. This building will be quite

an addition to our town when com

Irrigating Problems-Utility of Winter Irrigation Proved.

Leeds, Washington Co., June 13 .-

Special Correspondence.

Notwithstanding occasional copious rains have seemingly "broken" the drouth, we are still very short of vater. As the two last winters have been exceptionally dry, subsoil evaporation is all exhausted, both irrigation and rain has but a very brief and limited effect. Those who have per-sistently irrigated during the winter receive now returns from their labor in the more durable effect of their present rrigation. But where water runs a ong distance in a small ditch as is the case at Harrisburg the evaporation and seepage drinks it all up; exhibiting a ractical object lesson on the necessity f using a small stream as near as possible to its source. This is the second summer of a suspension of irrigation water at that place, and hopes are entertained that the owners of the stream may see it to their advantage to place their water where they will not lose it all in a dry time, when most needed. The same measurement of water which runs towards Harrisburg, when used at Leeds with moderate care covers the acreage for which it is measured, while of course the stream is much be-

low the average.

Grand Jury Exonerates Scofield Mine Owners from All Blame. Special Correspondence.

Price, Carbon Co., June 13 .- The following cases were disposed of in the District court here today:
Lavinia McCombe vs J. Tom Fitch; suit for damages, amounting to \$2,000. Jury returned a verdict of no cause of Case of Lavinia McCombe vs Geo, C.

Ladd and J. Tom Fitch; suit for damages; continued for the term. Alexander Baxter vs James Dooney; the exercises were furnished by the eighth grade students.

County Superintendent Nelson presented diplomas to the following

Geo. A, Ladd and Lottie A, Ladd vs. Lavinia McCombe; appeal from itice's court; remittitur ordered iss to the lower court, with all papers and

\$50 cash bond deposited. Marie Carlevato vs Carlevato; decres of divorce granted to plaintiff, who in mediately went to the county clerks office and got a licence to marry Bara-tello Colletti Calestine: they were a once married by Justice Holdaway, State of Utah vs S. P. Mahoney, fendant was charged with larceny his case was investigated by the grand jury, but as no indictment was found

he was ordered discharged, and reported that they had investigated three cases, which were ignored by them. They investigated into the Sc field disaster and said: "We fail find any criminal neglect or carele ness on the part of the owner of the mine in which said disaster occurred on the part of anyone else." They also reported the county jail as unsafe to keep prisoners and also dan. gerous in case of fire.

PORTERVILLE.

EAST CANYON RESERVOIR. Mr. W. A. Hines of Manchester, Ia. Successful Irrigation Plant that Might writing of his almost miraculous escape from death, says: "Exposure after be Duplicated in Other Places. measles induced serious lung trouble, which ended in Consumption. I had Special Correspondence. Porterville, Morgan Co., June 9.-This reservoir is the property of the Davi and Weber County Canal company, an

is located in East canyon in Morricounty, about five miles south of P the small valley which is used as a reervoir narrows down to a gorge who t is dammed. The solid rock of a c glomerate nature rising in great on either side, leaves a narrow passa, of about 60 feet where the creek us to dash for half a mile through a n row rocky gorge. At the top of gorge the dam is constructed. The dam is built of steel and rock, the la ter pointed on the front with ceme fitted with brass valves; these are in tunnel in the solid rock, 185 feet for The height of the dam is 65 feet. width from one ledge of rock to other is about 60 feet at the bottom a ment exercises of District School. | 35 feet making it 100 feet high. addition to the height will more The way the dam is constructed and the solid rock abutments makes it almost perfect. The body of water he back covers at great depth about 20

acres of land. The water is used Davis and Weber counties, mostly the south of the Weber river, on what is known as the Sand Ridge, and the water is not drawn off for use un after the high waters of spring ha subsided. The increase in the size the reservoir by the raising of the di er acreage and very materially increa the wealth of the valley below. The r taining of the water in this reservo is increasing the springs in the neigh-bord, proving that it will fill the country with greater moisture.

The constructing of reservoirs to hold back the high waters of spring is some-

thing that should attract the attention of irrigators, and every site where of can be constructed should be utilize as the practicability of the thing lemonstrated by Davis and Web Canal company reservoir and others is the State which are eminently success ful and enable the farmers using thes impounded waters to mature man crops that they never attempted before. OTHER SITES.

There are said to be good reservoir sites at the head of City Creek canyon. The heads of Weber and Provo rivers are also excellent places for reservoir while the lakes in Cottonwood are natural reservoirs that at a small out-

lay would put them to good use. Want a Passable Road to Salt Lake Only 22 Miles Distant. Porterville, Morgan Co., June 7,-The

dry weather is hard on the crops; sverybody is irrigating.
The new meeting house is so near completion that meetings and Sunday school are held in the basement, which has been plastered and whitewashed. This is a fine large well lighted room, which will be used for Sunday schools and entertainments, and the upper ro, will be used for Sunday meetings. It a well designed building, attractive is appearance, built of rock and brick credit to the ward and a monument is the thrift and faith of the people.

The question of a road to Salt Lake twenty-two miles from Salt way of City Creek and Hardscrab and a few days' work would could be constructed at a small This road would be a benefit to Lake and a great convenience and profitable thing to the people of Mo gan county, as it would put them in four hours of the Salt Lake m which thrive to perfection ity. Were this road made it woul Morgan county nearer to the State is. It is said that three hundred dollar on the Morgan side of the mountain and fifty on the Sait Lake side would complete the road and put it in si condition, and in six months tin would be worth several thousand Morgan county people and Salt Lake
